
EDUCATION

China Academy of Art — Hangzhou, China

Sep 2023 – Jun 2027

- B.A. in Intermedia Art, Free Art Studio
- Interdisciplinary program integrating fine arts, performance, new media, and critical theory

Academy of Fine Arts Vienna — Vienna, Austria

Sep 2026 – Jan 2027

- Exchange Student, Performance Department

SELECTED PROJECTS & WORKS

Rolling Down the Hill

Mar 2025

Performance, Video, Stop-Motion Animation

- Group performance exploring loss of control, shared rhythm, and bodily interaction with gravity through repeated rolling down a grassy slope
- Combined live video with hand-cut paper stop-motion animation (cardboard and wire figures)
- Original soundtrack composed by the artist

Shame to Sing a Song

2025

Performance, Wearable Instrument

- Wearable glove translating hand movement into unstable electronic sound while simultaneously playing the flute
- Explores tension between trained control and loss of control in real-time performance

Sound and Body Study

2025

Sound, Performance

- Sound pieces developed from short texts and dream fragments; performed improvisation with eyes covered, relying solely on sound and bodily perception

Body Movement Workshop

Apr 2026

Workshop Facilitation, Body-Based Practice

- Designed and facilitated a somatic movement workshop integrating street dance improvisation, body percussion, rhythm exercises, and guided relaxation
- Created a safe space for participants to reconnect with their bodies; received qualitative feedback on increased body awareness, emotional release, and sense of safety

Untitled

2025

Frame-by-Frame Animation, 1min 39sec

- Hand-drawn and scanned animation inspired by a dream, exploring subconscious imagery and psychological experience; sound co-created with AI

Zine: Artist Book Project

Jun 2026

Book Design, InDesign

- Created a zine for the 'Return to the Book' artist book fair at China Academy of Art
- Explored book-making as an artistic medium and form of expression

Invitation to Dance (invitation a danser)

2024

Interactive Creative Coding — Processing

- Interactive sound-reactive particle visualization where colored balls respond to music in real time; mouse interaction changes lighting atmosphere
- Accompanied by a poetic narrative exploring the consciousness of a pixel entity within the algorithm

EXHIBITIONS

Oct 2025	<i>Who Am I? An Introduction to Art Creators</i>	Hangzhou
May 2025	<i>What Happened in Early May?</i>	Hangzhou
Apr 2025	<i>Pull Switch (Campus Painting Exhibition)</i>	Hangzhou
Nov 2024	<i>Zhejiang South Station</i>	Hangzhou

EXPERIENCE

Teaching & Technical Assistant — 3D Printing Studio

Fall 2025 – Spring 2026

China Academy of Art

- Supported daily studio operations; operated/maintained FDM & SLA 3D printers; assisted students with modeling and fabrication; trained new users

English Subtitle Proofreader

Jun 2026

Independent Documentary: Wandering Free (you dang zi you), dir. Min Ao

- Reviewed and proofread English subtitles for accuracy, fluency, and cultural nuance

Freelance Dancer & Performer

2023 – Present

- Street dance (hip-hop, house) and improvisation practice informing performance approach
